

Steps to Success

Step I – Kids Campus		Step II – Family	Step III – Community
Tutorial Services	Summer Camp	Family Services	Community Services
Homework Assistance	Themed Curriculum	Family Assistance	Community Events
Assist students with homework and special school projects making an impact on their current school grades with completed homework and projects turned in on time.	Our 8 week summer enrichment camp curriculum is filled with fun, facts, and field trips. Each summer our curriculum theme is designed to take the at-risk child out of his community and open his/her world to a bigger world. Our focus is to expand the child’s current knowledge into areas that have not been explored.	DCL offers assistance to the “root system” or family of the at-risk youths enrolled in our programs. Our Family Service team conducts in-home visits and provides special assistance if needed. Our educational programs are extended to the adult members of the family. <input type="checkbox"/> ESL & GED programs <input type="checkbox"/> Financial Literacy <input type="checkbox"/> Parenting Workshops <input type="checkbox"/> Computer Literacy	Our Community Service Team conducts community events, bringing the residents of the community together in an effort to building a stronger community. Events include <input type="checkbox"/> Crime Watch Dinners <input type="checkbox"/> Crime Prevention <input type="checkbox"/> Bingo nights <input type="checkbox"/> Pool parties <input type="checkbox"/> Holiday dinners <input type="checkbox"/> Meet & Greet breakfast <input type="checkbox"/> Community clean-up days
Tutoring in core subjects:	Summer Focus	Public School Involvement	Community Survey
Math, Language Arts, Reading. Our tutorial curriculum, “ <i>PATHWAYS</i> ” is aligned with the TEKS (Texas Essential Knowledge Skills) paralleling what each student was learning in their everyday classroom. Our “hands-on” approach to teaching ensures that our tutoring encompasses all types of learners.	Our summer camp’s focus is to explore our themed curriculum through history lessons, field trips, guest speakers, art, music, games and sports.	DCL also works at getting the family involved in the child’s education. As part of our free tutorial service, each parent must attend 2 PTA meetings per year, and all parent teacher conferences. DCL will accompany the parent to any conferences if needed.	Our Community Service Team conducts surveys with each family or resident in the complex. These surveys assist DCL and property management/owners in determining the needs of the individuals and the community.
Other subjects:	Summer Tutorials:	Individual Needs:	Community Needs
<input type="checkbox"/> Technology <input type="checkbox"/> Character Building <input type="checkbox"/> Kids Curiosity Art Program <input type="checkbox"/> Health & Fitness Program	Each summer we continue our educational focus with a “Study Hall” on Monday – Wednesday afternoons. Students are provided worksheets in the core subjects from the past school year preventing “summer learning loss”.	DCL determines the needs of each family member and obtains the assistance for each family through a referral process with outside agencies. Needs can include: <input type="checkbox"/> Family Counseling <input type="checkbox"/> Drug/Alcohol Addiction <input type="checkbox"/> Job Assistance <input type="checkbox"/> Rent Assistance	Once the property has been surveyed, DCL will work with the property owners/ management and other social service agencies to address the individual and community needs. Needs can include: <input type="checkbox"/> Money management programs <input type="checkbox"/> Transportation for the Elderly <input type="checkbox"/> GED/ESL Programs <input type="checkbox"/> Crime Watch
